Rave Reviews from graduates around the world:

Jonathan Cattell from the UK

"Thank you all for such an immensely life-changing week. Each lining up, each moment, each glance, each question, each spark, wave and pulse - they all moved something - permanently - for me. Wow! I don't know about the rest of you, but for me, existence has changed."

Morgine Jurdan from the USA

"The Visionary Coach ~ Trainer course is one of the BEST classes I have EVER taken. I have been striving to live from this place for so long, not having a definition for it. Merely knowing I wanted to live my life from what I defined as 'inspired' actions ... being guided by what was wanting to happen next ... what was being called through me. I now see my life as a *Work of Art*, something to be savored, loved, cherished and appreciated at a depth I am unable to describe in words. You masterfully created a space in which magic and genius could weave their way into our lives, shining forth our own unique Brilliance, and sending us each home totally reborn into something Vibrant and New!"

Mary Jo Halligan from New Zealand

"I was attracted to this Visionary Coach training because it felt expansive, empowering and exhilarating to do so. I could not resist, it was a must for me to be a part of this Visionary Network of supportive, magical beings. This is leading edge, evolutionary perspective on coaching which is dynamic and beyond words. I now feel so alivened and in the wondrous flow of my creative, passionate and visionary self that life is truly orgasmic in every moment just like it's meant to be. From this space of being I feel connected and confident to contribute in the biggest boldest way to the evolution of life itself. Life is a blast, magically, connected and free to be the greatest creative potential I can truly be with fabulous visionary friends across the globe. Thank You, Thank You, Thank You."
